

Practicum / Student Teaching Evaluation

Data from: 2020-2021 completers
Initial & Advanced Candidates

Details to remember about the PSTE:

When is it administered?

- Transition Points 2 and 4
 - Early field/clinical exp (methods)
 - Student teaching

Who is being assessed?

- All initial candidates in the TEU
- Any advanced candidates who participate in clinical/field exp

Who conducts evaluation?

- Faculty (early PSTE only)
- Supervisor (student teaching)
- Mentor (student teaching)

What is the focus?

- INTASC Standards
- ISTE (tech) Standards
- Dispositions
- Any content specific “add on” standards/items identified by program

Reminder.....PLEASE Complete Unit-wide Assessments EACH semester 😊

2020-21 evaluation numbers:

Initial Programs

Early field experience: n=44

Student Teaching: n= 275 (mentors)
n=243 (supervisors)

Advanced programs

n=25 (mentors)

n= 17 (supervisors)

Guess how many clinical/field
experience placements we had in
2020-21???

(as reported by Teacher Cert Office)?

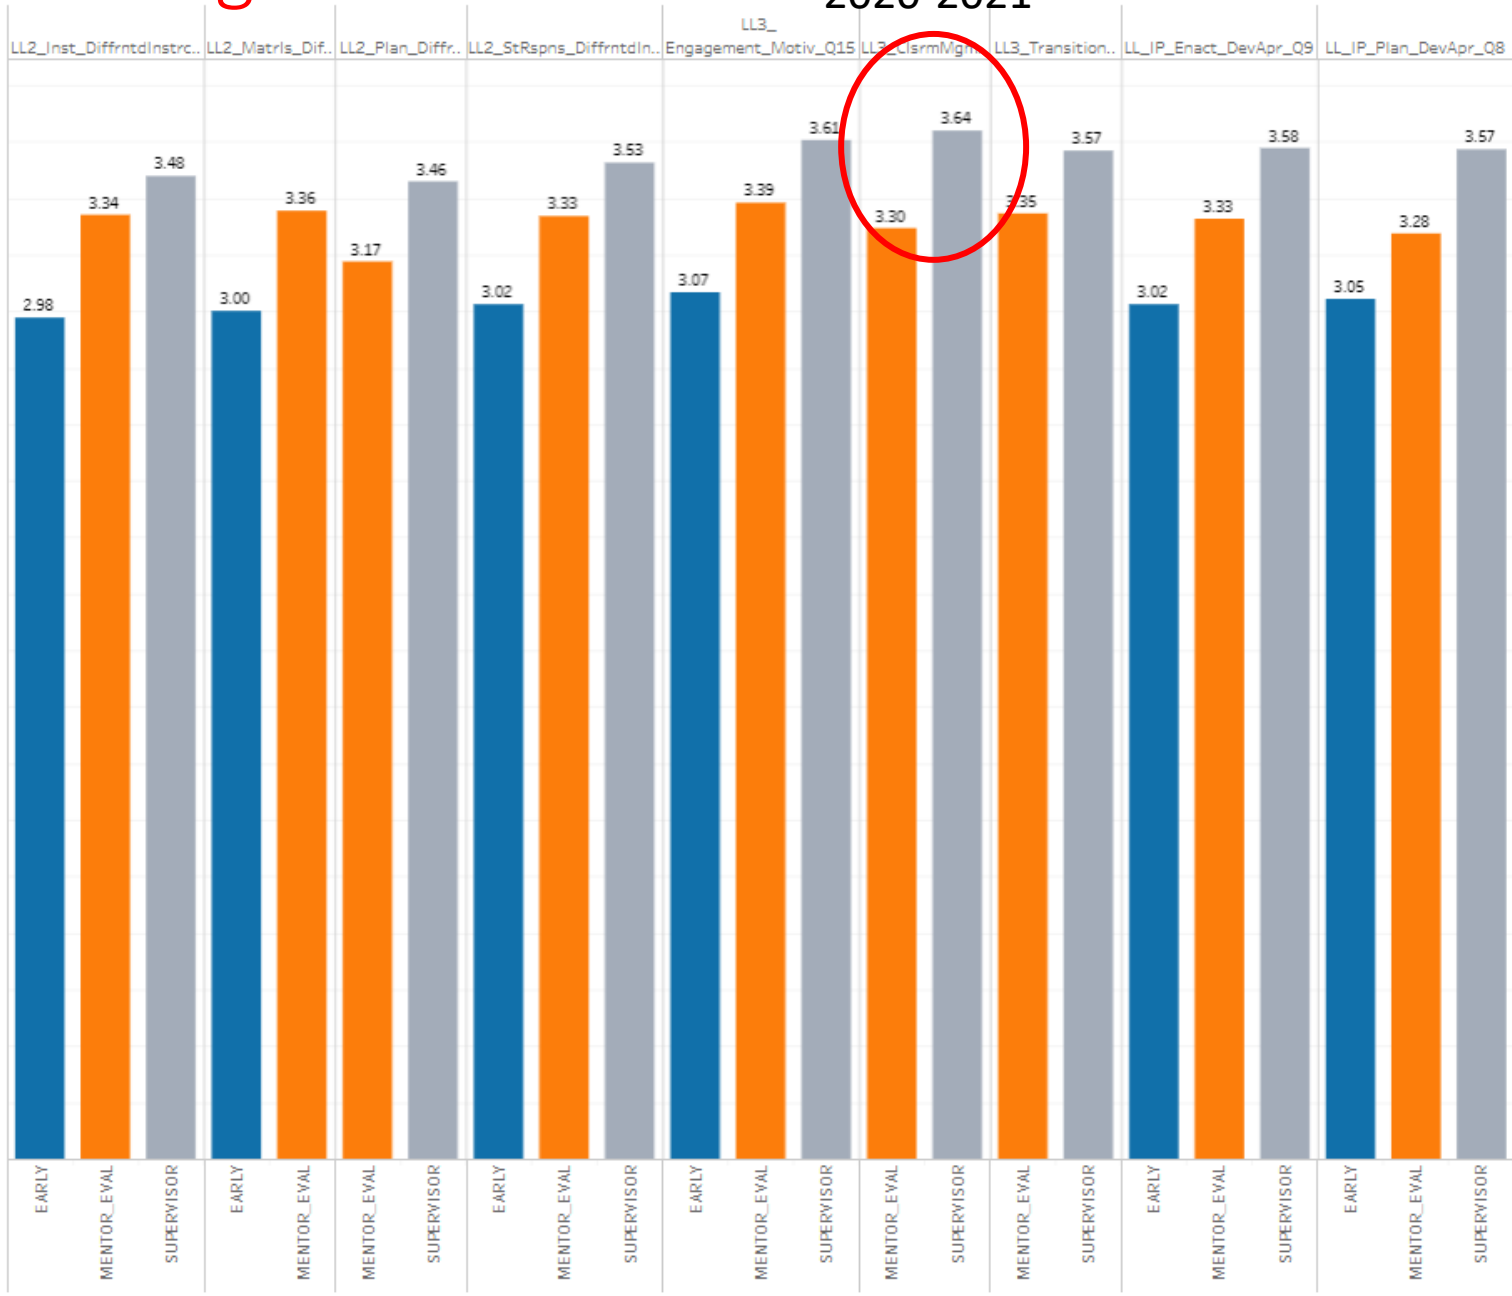

679

INTASC Focus: **Learners & Learning**

Initial Programs
2020-2021

- Area of biggest discrepancy between mentor and supervisor rating?

Classroom management

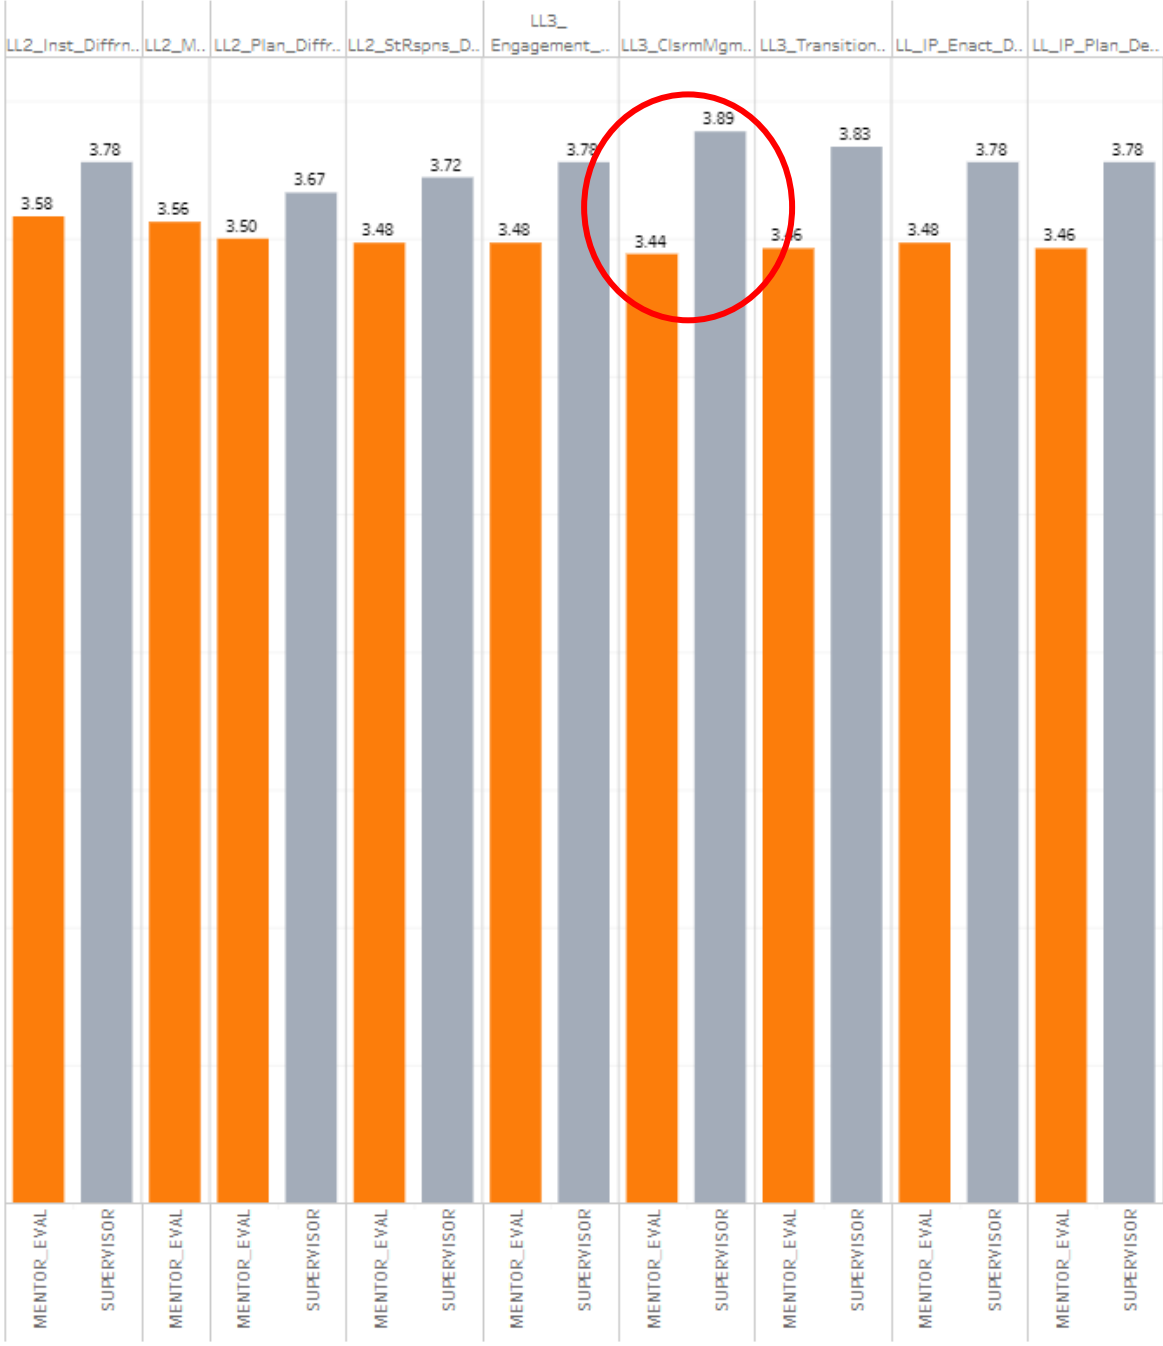

INTASC Focus: **Learners & Learning**

Advanced Programs 2020-2021

- Area of biggest discrepancy between mentor and supervisor rating?

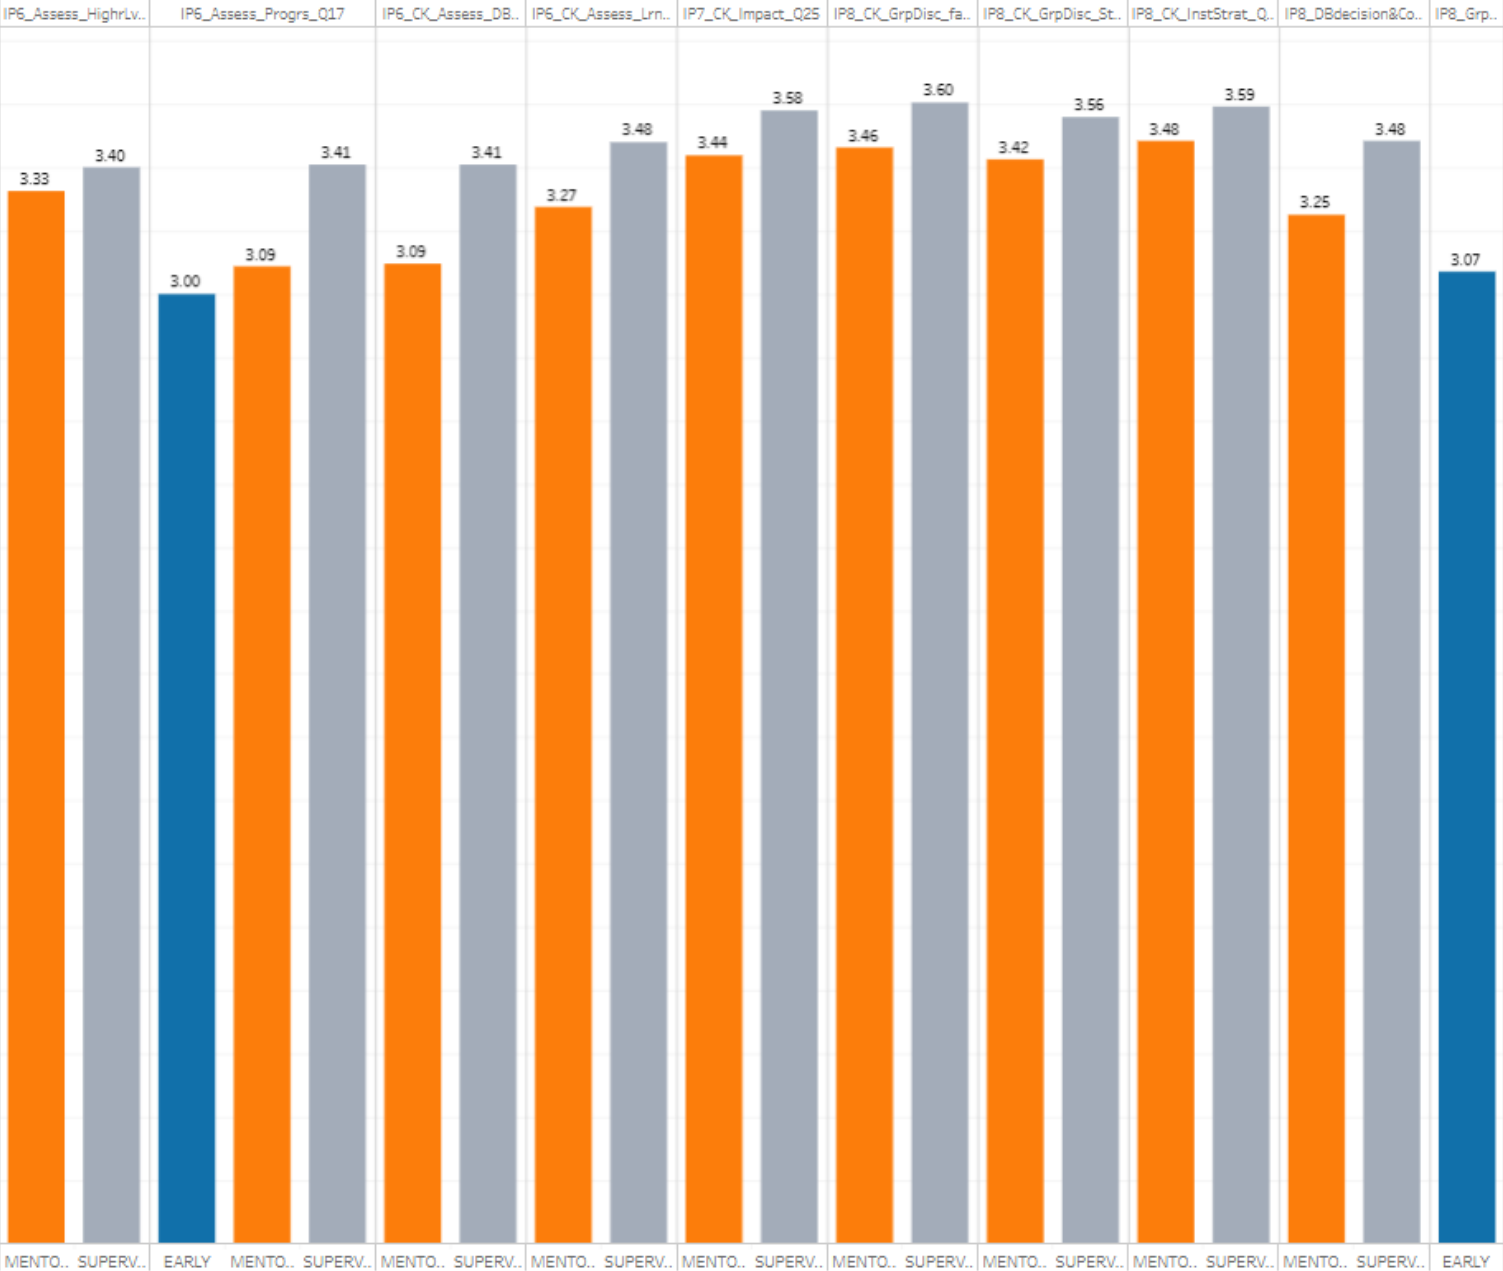

**Classroom
management**

INTASC Focus: Instructional Practice

Initial Programs 2020-2021

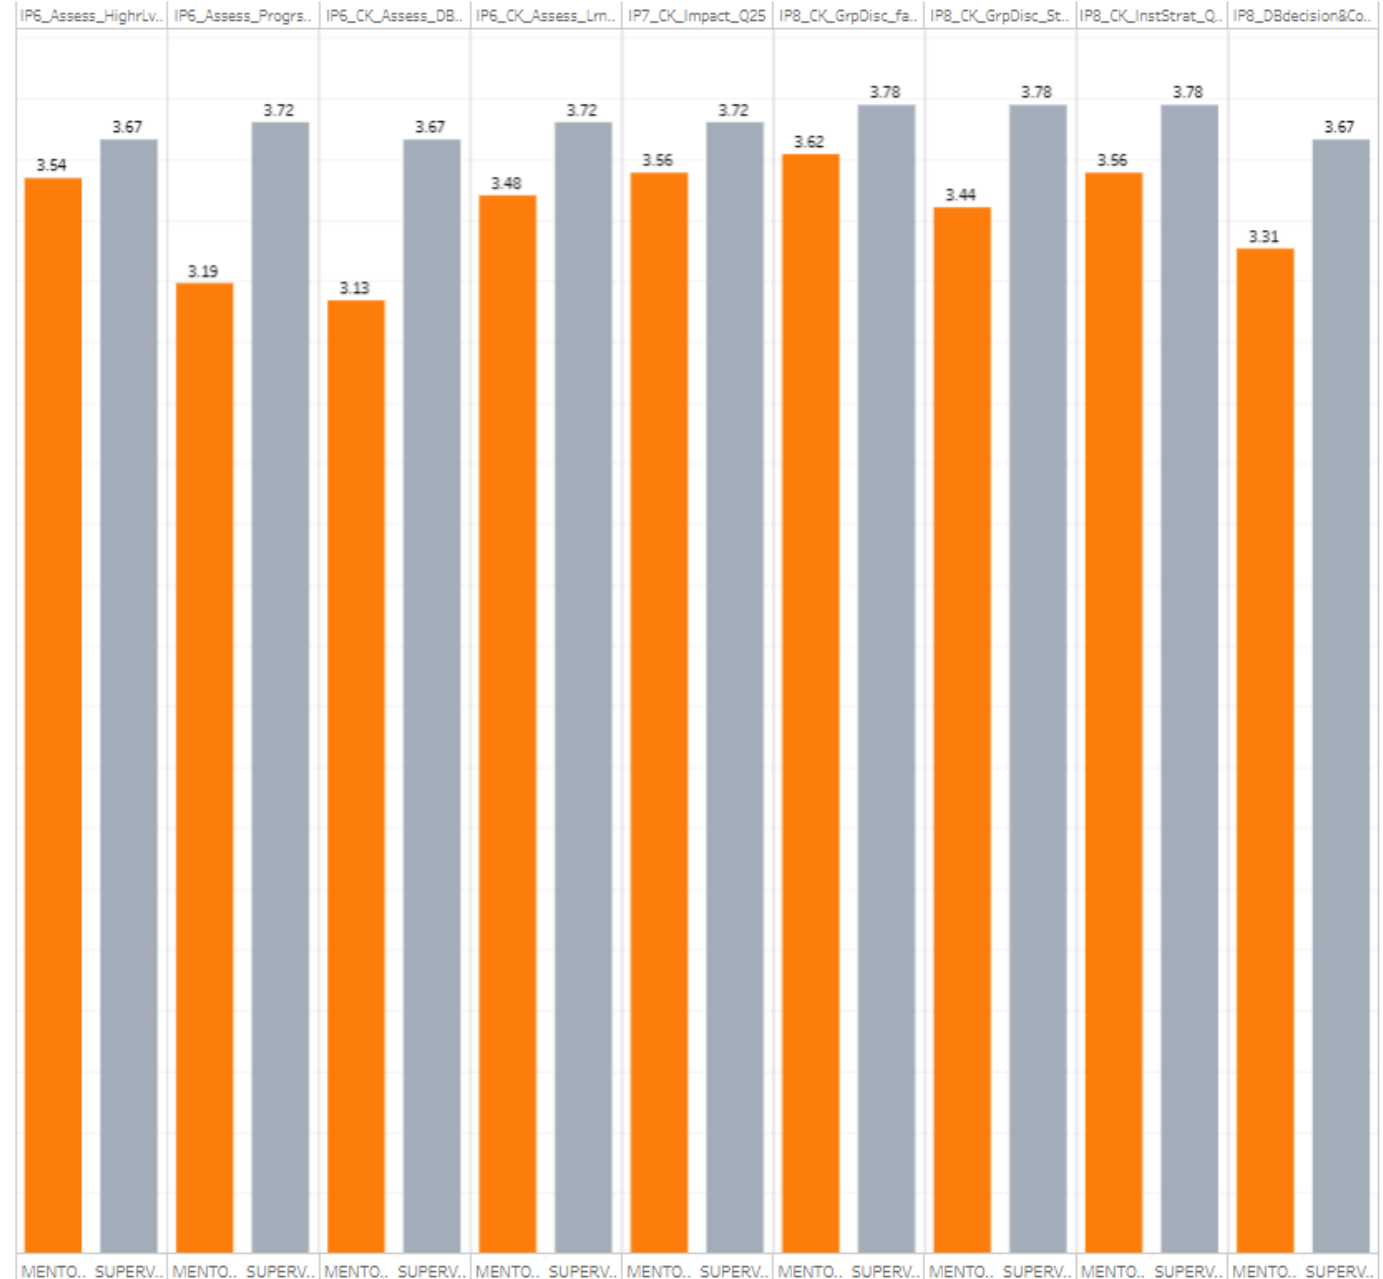

- Strengths in facilitating group discussion and instructional strategies.
- Growth noted between “early” (formative) and later evaluation.

INTASC Focus: Instructional Practice

Advanced Programs 2020-2021

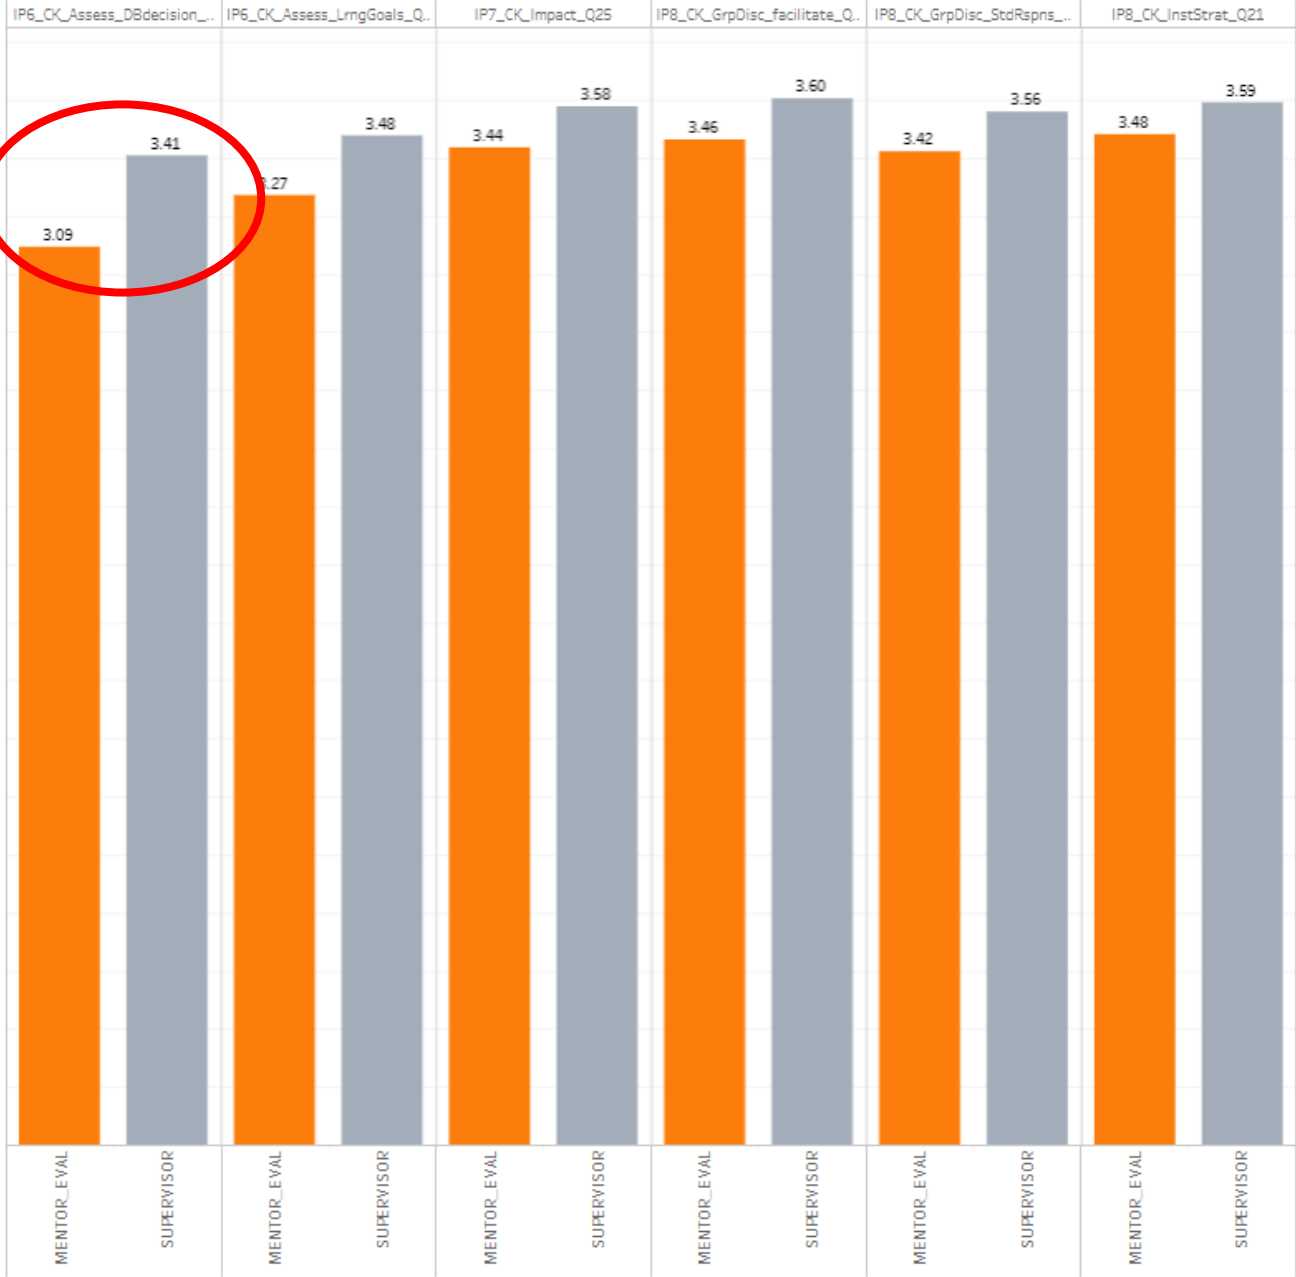

- Although mentors rated candidates lower than supervisors, they were still meeting expectations.
 - Mentors identified strengths in facilitating group discussions and impact of content knowledge on student learning.
 - Area that were lower but still within expectations as rated by mentors was assessment.

INTASC Focus: Content Knowledge

Initial Programs
2020-2021

Less discrepancy between mentors and supervisors for content knowledge of candidate. Both noted data based decision making was relatively more challenging than other areas (but still met expectations).

INTASC Focus: Content Knowledge

Advanced Programs
2020-2021

Very similar to the outcomes for content knowledge at the initial level- Both mentors and supervisors noted data based decision making was relatively more challenging than other areas (but still met expectations).
