

TEU Survey Report for Employer, Exit, and Alumni Surveys

Administration Dates & Population Surveyed:

Exit Survey: Administered every semester. Most recent administration dates Dec 2019 and May 2020. Most recent data reported for initial and advanced program candidates who **completed in 2019-20**.

Alumni 1-Year Post Completion Survey: Administered every summer. Most recent administration date Summer 2020. Data reported for initial and advanced program candidates who **completed in 2018-19** after they were employed for 1 year post program completion. *NOTE: candidates who completed programs in 2019-20 have not been employed for one year, thus do not meet survey criteria, but will be surveyed in the next cycle (Summer 2021). Alumni survey is always 1 year behind.*

Alumni 3-Year Post Completion Survey: Administered every summer. Most recent administration date Summer 2020. Data reported for initial and advanced program candidates who **completed in 2016-17**, 3 years post program completion during the 2019-20 school year.

Employer Survey: Administered every summer. Most recent administration date Summer 2019. The EPP postponed administration for Summer 2020 as a courtesy to district leaders (e.g., principals) due to their onerous COVID-19 responsibilities during that timeframe.

Date of Data Review & Analysis:

October 9, 2020: Report to the Teacher Education Council. Disaggregated by Initial and Advanced Program Levels for entire Teacher Education Unit.

January 26, 2021: Report to TEU Faculty during Program Improvement Retreat Disaggregated by individual program level via program data dashboards.

Questions about surveys deployment can be directed to Tiffany Fuzak fuzaktd@buffalostate.edu.

Questions about survey content or data use for program improvement can be directed to Dr. Shannon Budin gormlese@buffalostate.edu
